Test Case: Verify Country and Language Change Feature

Test Case ID: TC_SSL_001

Test Case Title: Verify the Country and Language Changes

Objective: Ensure that users can change the country and language they are shopping for.

Preconditions:

1. The user is on the Suitsupply homepage.
2. The user is not logged in.

Test Steps:

1. Navigate to the Suitsupply website.
2. Click on the burger menu at the top left hand corner of the page (The 2 lines)
3. Locate the country selector at the bottom left of the page
4. Click on the country selector to open the dropdown menu.
5. Select a different country from the list (e.g., change from Netherlands to United Kingdom).
6. The page should reload quickly.
7. Verify that the website currency and other country related information has changed.
8. Repeat steps 3-6 for different countries and languages.

Expected Results:

1. The country selector should be visible and clickable.
2. After selecting a new country, the page should reload automatically.
3. The website currency should update to match the selected country.
4. No error messages should appear during the process.

Bug Report: Country Search Feature Not Working

Bug ID: BUG_SS_001

Title: Country Search Feature Not Working

Severity: High

Priority: High

Reported By: Garreth Dean]

Assigned To: [Developer's Name]

Environment:

- production

Description:

The country search feature within the country selector is not working. When a user tries to search for a country, no results are displayed..

Steps to Reproduce:

1. Navigate to the Suitsupply website.
2. Click on the burger menu at the top left of the page
3. Click on the country selector at the bottom left corner of the page.
4. Attempt to type in the search bar to find a specific country (e.g., Australia).
5. Observe the behavior of the search feature.

Expected Results:

- The country search feature should filter and display the matching country the user entered.

Actual Results:

- No results are displayed after typing in a country name.

Possible bug Attachments:

- Screenshot of the country/language selector with the search bar.
- Screen recording demonstrating the issue.
